

Parking Services reactivated parking gates July 6, 2020 and has been analyzing the utilization of our parking lots to assess traffic flow on campus. At present, transponder holders are able to park in their home lot at no charge. At this time, parking services is in a temporary position to offer enhanced parking access on main campus for July and August 2020.

Those who have a west campus or a Ward Avenue transponder will have additional access to main campus parking lots H, I, G and Stadium Underground through inter- zone parking enhancements. For those who prefer to park their assigned lots of West campus or Ward Ave. these lots will remain open for transponder holders and visitor parking.

Inter-zone Parking Enhancements - Access to Main Campus

Inter zone parking hours for transponder holders in West Campus and Ward Ave will change as follows as of Monday July 27th 2020 and will remain in place until August 31st 2020:

- 24/7 access to parking lots H, I, G and Stadium.
- Access to B, C, D and E will be provided after 1:30 pm on weekdays and all day on weekends.
- There is no inter zone access to parking lots A and Q or in short term meter-parking areas. Wilson Underground and PGCLL Underground parking will remain closed at this time.

Shuttle bus service will extend into the center of main campus for the months of July and August. The service will loop through main campus with added stops at E.T. Clarke, Gilmour Hall and Psychology buildings. The shuttle route will only loop to west campus at half hour intervals beginning at 6:30am.

Parking Services will continue to monitor daily parking use for all campus lots and will provide an update prior to August 31 for any changes to the policy for inter zone parking.

As campus advances in response to the pandemic and along with the provincial phased opening process, Parking Services will continue to assess daily the ongoing opportunities. Parking Services appreciates our customer patience and cooperation.
