

Validation Vouchers Discontinued

Effective August 1st 2018, validation vouchers will no longer be issued and all current validation accounts will be closed. We request your assistance in communicating to the affected parties within your department of the changes and refraining from using validation vouchers after July 31st.

Please note that although we will no longer provide any validation vouchers after July 31st 2018, validation vouchers previously issued to you may still function in the parking lots. **In the event that vouchers are used on your account after the discontinuation of the program, your department will be charged parking fees on the chart field string that we have on file.**

Available Options

Parking Services will continue to accommodate parking voucher requests. A rebate parking voucher covers the requested duration of parking that a department is willing to pay for. Parking rate details can be found on this link: <http://parking.mcmaster.ca/Rates.html> Rebate vouchers are available in values of \$5 to \$20 each depending on the lot location, time and duration required.

To order rebate vouchers please complete and submit this form:

http://parking.mcmaster.ca/documents/Voucher_Request_Form.pdf

For more details on parking voucher options available to you please contact the Parking Office at extension 23018 or visit us at our Campus Store location in GH B101.
