

Important Parking Update for Faculty and Staff

As we prepare for classes to resume this fall, Parking Services continues to support staff and faculty returning to campus in various ways. To continue to accommodate a flexible workplace and to ensure easy access for permit holders, the following important changes are being made to parking for faculty and staff:

Action required for those with a parking permit on hold

- Those who placed their parking permit on hold must contact Parking Services as soon as possible and no later than **Sunday, August 21st 2022** to advise if they wish to keep their parking spot and reinstate their full-time permit for **September 1st 2022**. Please email parking@mcmaster.ca to indicate your preference, either to resume your parking privileges or to release your permit on a permanent basis. Unfortunately, individuals who relinquish their permit will do so permanently. Applying for a parking permit in the same lot again in the future would likely mean being offered a spot in the same lot as new employees, currently Ward Ave.

Action required for those with a part time permit

- If you currently have a part-time parking pass and would like to continue to pre-pay out of pocket on a monthly basis, no action is required. If you hold a part time permit and would like to switch your payment method to payroll deductions as of Sept 1st, please request this change as soon as possible and no later than August 21st by emailing parking@mcmaster.ca

Price decrease for full-time permits and no longer offering part-time passes:

- Beginning September 1, ***all parking permits offered to staff and faculty will revert to full-time permits***, irrespective of work schedule and the price of all full-time parking passes will be reduced to 75% of the current posted full time rate for each lot. This means that no part-time permits will be offered this academic year. This reduced rate will be in place until April 30, 2023. During this time, Parking Services will continue to analyze system usage for future opportunities.

Please email the Parking Services team at parking@mcmaster.ca for assistance.

Thank you
